Calcul

Une course rapporte des points de participation et des points de performance.

Calcul des points de performance.

Les points sont calculés sur base de la place et du nombre de participants.
Les points sont calculés selon la formule :

$$1000 - \frac{(\text{votre place dans la course})}{(\text{nombre de participants à l'arrivée})} \times 1000 = \text{nombre de points}$$

Exemple : être 100^{ème} sur 500 participants vous donne $1000 - ((100/500) \times 1000) = 800$ points

Les cinq meilleurs résultats sont additionnés.

Deux courses ne rapportent pas de points de classement : le Cityrun et les relais givrés.

Calcul des points de participation.

Chaque participation rapporte 10 points de participation.

Deux courses ne rapportent pas de points de classement mais uniquement des points de participation. Le Cityrun et les relais givrés rapportent chacun 40 points. Les points de participation sont additionnés aux 5 meilleurs points de classement.

Berekening

Een wedstrijd levert deelnamepunten en prestatiepunten op.

Berekening van de punten van het klassement

De punten worden berekend op basis van de plaats en het aantal deelnemers.
De volgende formule wordt gebruikt:

$$1000 - \frac{(\text{je plaats in de wedstrijd})}{(\text{aantal deelnemers aan de finish})} \times 1000 = \text{aantal punten}$$

Voorbeeld: als je 100^{ste} bent op 500 deelnemers, heb je $1000 - ((100/500) \times 1000) = 800$ punten.

De vijf beste resultaten worden opgeteld.

Twee wedstrijden leveren geen klassementpunten op: de Cityrun en de Relais givrés.

Berekening van de deelnamepunten..

Elke deelname levert 10 deelnamepunten op.

Twee wedstrijden leveren geen klassementpunten op, maar enkel deelnamepunten: de Cityrun en de Relais givrés leveren elk 40 punten op.
De deelnamepunten worden bij de vijf beste klassementsresultaten geteld.
